Dimensions

Technical data

Mechanical specifications	
Core cross-section	max. 2.5 mm^2
Mass	approx. 4 g
Dimensions	10.1 x 15.5 x 18.2 mm (0.4 x 0.6 x 0.7 in)
Construction type	removable screw terminal

Features

- 2-pin screw terminal
- For KC modules
- Packaging unit: 5 pieces green

Function

The terminal block is suitable for K-System applications.

The green terminal block is used for connection of field signals as well as the connection of control signals.

The terminal block can be coded with the provided coding pins KF-CP.
