

Data Sheet
9-255 Angular Adapter

Part number 9-255

The small vice SPANNFIX with the types 9-205, 9-215 and 9-220 as well as the VARIO combinations 9-251, 9-252, 9-253, 9-254, 9-255, 9-256, 9-257 simplifies the operations in precision engineering, in laboratories, in mechanical and electronical workshops as well as in different medical areas.

Furthermore the SPANNFIX bases enable an exact and secure adjustment in all directions, e.g. of measuring instruments, of monitors and of observation cameras.

For these purposes the types 9-251, 9-261, 9-262 und 9-281 are available.

The high grade powder-coated aluminium casting and the surface-refined steel parts are the guarantee for a long life.

Article description Angular Adapter

Characteristics:

Practice tip Applicable in connection with 9-251 Spannfix base and 9-253 Circuit board holder.
For larger turning circle.

Clamping pressure -
Clamping capacity -
Clamping depth -
Jaw width -

Weight 0.095 kg

Customs Tariff Number: 82057000

EAN Number: 4250838511407
