DESCRIPTION AND PURPOSE OF CHANGE:

In order to improve the packaging quality, Würth Elektronik will change the outer carton and reduce the standard packaging quantity from 1000 pcs to 500 pcs per carton immediately. This change is necessary to ensure stable quality of the packaging and reduce the total weight of the carton for easier handling.

There is no change to the mechanical or electrical properties of the ferrite cores. The ferrite cores will remain the same, only the outer packaging is changed.

There is no change in fit, form and function of the core.

DETAIL OF CHANGE:

Outer Packaging before and after change, this is shown exemplarily for the ferrite core 7427218, since outer packaging for 7427218, 74272188 and 74272189 is the same.
