

## Product Datasheet

**Product code:** **E6023B.CR.BG**

**Product type:** High Precision Pliers

**Made in:** Switzerland

**Description:** The 6023B is a high precision plier belonging to the long snipe nose plier family. The long bent jaw length improves the ease of the hold. The curved geometry provides maximum visibility. The smooth surface on the jaw prevents scratches while holding. The 6023B is equipped with an ESD Ergo-tek handle which allows an excellent grip, suitable to environments and to components susceptible to electrostatic discharge. The jaw are hardened to 45HRC hardness.
