

L-BOXX - empty

Made of shatterproof ABS plastic

Sortimo
Intelligent Storage

Application:

For transporting small parts, tools and machines. The L-BOXX optimises the work processes and ensures intelligent organisation, storage and safe transportation of small parts, tools and machines in the workshop.

Execution:

- Made of extremely high-quality, impact-resistant ABS plastic
- Fully splash-proof
- Maximum load 12 kg
- Traffic load of up to approx. 100 kg
- Ergonomic carry handle and recessed handles on the sides, made from plastic
- Two robust locks

Advantage:

- The highly innovative click-mechanism allows non-slip stacking
- Secure connection and transport of several L-BOXXs together
- The L-BOXXs can only be connected to each other and separated from each other again using a handle

Art. no.	50004 317
Brand	SORTIMO
Manufacturer Part Number	6000010994
Model	L-BOXX 374 G
Width	440 mm
Height	390 mm
Depth	370 mm
Material	Plastic
Colour	Grey, Blue
With handle	Yes
Number of compartments	0 PCS
Compartment type, boxes	Adjustable
Gross Weight	3.400 kg
Product Group	586

EAN

4045294732127
