The Konica Minolta Bizhub C224, C284 and C364 are highly productive colour MFP's running at printing speeds of 22 ppm, 28 ppm respectively 36 ppm for workgroups and departments. The equivalent devices were also introduced as Ineo +452, +552 and +653 under the brand of Develop and as dColour MF222, 282, 362 under the brand of Olivetti.

All three devices are made for high quality, high resolution b/w and colour prints/copies and are offering also optional single-pass dual scanning up to 160 originals per minute.
