

Spring balance

Series 546

Mitutoyo

Application:

For testing and setting control elements with adjustable friction moments, contact forces in electrical switch gears and regulating and controlling elements in motor vehicles.

Execution:

- Split dial for measuring in both directions.

Art. no.	32025 194
Brand	MITUTOYO
Manufacturer Part Number	546-139
Min./max. force of measuring range	0.6-5 N
Scale value, force	0.2 N
Sensor length	33.5 mm
Weight	56 g
Gross Weight	0.090 kg
Product Group	3MA

EAN

4946368362700
