

# Sensor Mini automatic wire-stripping pliers

Self-adjusting, 3.2-4.4 mm

**Application:**

Specifically for processing sensor cables - multi-core wires

**Execution:**

- Diameter from 3.2 mm - precise stripping without damaging the inner conductors or shielding braid
- The sensing system automatically adapts to the cable diameter
- Suitable for halogen-free PUR sensor cables, TPE-U cables, control cables
- Shielded and unshielded cable

**Advantage:**

- Automatically adapt to conductor cross-section
