

# CRYSTAL

Compact multi flashlights with additional type of light

**HEADLAMP**

**KEYCHAIN**

**CITY**

**CYCLING**

Compact, lightweight and stylish Crystal series multi flashlights are a multifunctional alternative to the usual keychain models. Design, body material and special arrangement of LEDs provide wide beam angle of 140°, optimal for use at a close distance. The flood beam makes Crystal flashlights an excellent main or additional light source for jogging, cycling or day-to-day tasks.

The series includes Crystal and Crystal WRB models. Additional red light of the Crystal model is suitable for performing work in the dark and for maintaining night vision when turning the flashlight on and off: in a camping tent, when observing the stars, for fishing or cycling. Besides the white light LED, Crystal WRB is equipped with the LED for use as a red-blue warning signal.

Capacious for the models of the given size battery eliminates the need to charge the flashlight for 50 days of continuous use in the minimum brightness mode. The flashlight does not take up much space in the bag, it easily fits in a pocket and is securely attached to a belt, or a backpack strap. The headband in the set allows for hands-free operation.

6 in 1

**1 HEADLAMP**

Soft elastic headband. Specially designed body with thought-out optical elements provides comfortable beam angle with minimum loss of light for use at a close distance.

**2 EVERY DAY CARRY LIGHT**

Lightweight and compact body made from durable plastics. Possibility to attach to bag, pocket, strap or cap using a clip.

**3 KEYCHAIN LIGHT**

Ring for keys made from durable materials.

**4 BICYCLE LIGHT**

Secure rubber rings for installation on a bicycle. Constant white light and white Beacon to use as headlight or running light. Constant red light and red Beacon for rear light (Crystal).

**5 LAMP MODE**

Works directly from a Powerbank or any USB adapter.

**6 WARNING LIGHT (CRYSTAL WRB)**

Red-blue beacon, fully luminous body, steel clip to attach to clothes or belt.

**5 SHELL COLORS TO CHOOSE FROM:**

- Red Ruby
- Yellow Amber
- Green Jade
- Blue Sapphire
- Grey Onyx

- Convenient operation with one button, double click to change the light color
- Unique fully luminous body and several shell color options to choose from
- Built-in Li-Pol 600 mAh battery charges with any Micro USB cable
- Color indication of charging process
- IP67 standard: reliable protection from dust and submersion at 1 meter for 30 minutes. Withstands fallings from up to 10 meters
- Red light of the Crystal model is almost invisible for animals, fish and insects, comfortable for night vision

**MICRO USB CHARGER**

Water resistant Micro USB socket even without rubber cover

**CRYSTAL**

**150/30**  
MAX LUMENS

**12/5**  
METERS THROW

**RECHARGEABLE**  
Built-in battery charges with any Micro USB cable

**50/30**  
DAYS RUNTIME

# BENEFITS OF WORKING WITH ARMYTEK

Armytek is a world famous manufacturer of high-tech flashlights, chargers and accessories. All Armytek products perfectly meet the buyer's requirements. We focus on quality and reliability: smart lineup allows us to thoroughly think through every detail before launching mass production.

## **HIGH PROFIT**

Favorable conditions and flexible prices for bulk orders are ensured by own factories in China.

## **FAST SHIPPING**

Warehouses around the world: the goods are always in stock and ready for shipment. Reduced costs and time of delivery, no additional custom fees required. Lower costs on shippings directly from the factories.

## **EXCEPTIONAL RELIABILITY**

Minimum returns rate – less than 1% (competitors' rate is 5-7%). All products go through quality checking on test stands.

## **LEGENDARY SERVICE**

Full support and cooperation: from placing an order to warranty service. Professional issue management, fast repairs and exchange.

## **NO HASSLE WARRANTY**

Up to 10 years unprecedented warranty.

## **OWN FACTORIES**

Every step of the process is controlled by our European specialists at the factories.

## **DEVELOPMENT**

Head office in Europe. Team of highly qualified specialists from defence, aviation, space and other specialized industries.

## **EXPERIENCE**

Expert in the fields of mechanics, optics and electronics. We specialize in development and manufacturing of flashlights and battery chargers since 2009.

## **COMPONENTS**

Powerful Cree, Nichia and Samsung LEDs, electronics by the USA and Japan, aircraft-grade aluminium, tempered glass, etc.

## **SMART LINEUP**

Simple process of choosing a product, no bulky catalogs with a lot of similar variants. Only best models for client's needs.

## **NEW PRODUCTS**

Armytek produces innovative and the most technically advanced products in the world.

## **PRIVATE LABEL, OEM/ODM**

Creating new products, modifying our production models and personalizing them according to your needs.

## **MARKETING SUPPORT**

We provide all the necessary promotional materials: leaflets, booklets, catalogs, etc.

## **CLIENTS' NEEDS RESEARCH**

We systematically gather feedback to make sure that our products completely fit clients' needs and requirements.

**Built to exceed**
