

Product Name - Leslie's Cube Superior, 13 cm Sides, Aluminium

Aluminium plate box with 13 cm sides. The vertical faces of the box are blackened, roughened, varnished and polished respectively. The top opening is fitted with a stopper. The apparatus is filled with water maintained at boiling point by a low bunsen flame. Infrared sensors may be used to compare the relative radiant heat output from each of the four faces.

Manufacturers Code - PH0411C-SUP

Brand	Eisco
