Description of Change: In addition to the existing 6-inch wafer source, Vishay Diodes Division will incorporate an 8-inch wafer in-house production line within the same manufacturing plant located in Taiwan. This consolidation is aimed at expanding our capacity in producing commercial grade TMBS (Trench MOS Barrier Schottky) products. As part of this integration, the top metal of the TMBS 8-inch solderable wafer will utilize Ti/Ni/Ag, aligning with the top metal used in the planar Schottky wafers. Additionally, the polyimide coating process on the 8-inch wafer platform will follow the same procedure as that of 8-inch planar Schottky wafer to consolidate the manufacturing process.

Meanwhile, TMBS in SMB & SMC package will also follow the changes communicated in PCN-DD-002-2022 and PCN-DD-007-2022 to introduce an additional in-house backend manufacturing site in Kaohsiung, Taiwan.

The TMBS rectifiers on 8 inch in-house wafer platform have been qualified to meet our specification and performance standards. There will be no change in form, fit and function on all affected products.

Upon the approval of this PCN, all future and customized part number for related product in the same package will adopt the same change.

Reason for Change: Capacity expansion and process consolidation

Expected Influence on Quality/Reliability/Performance: No changes in quality and reliability performance

Part Numbers/Series/Families Affected: Please see materials list on the succeeding page.

Vishay Brand(S): Vishay General Semiconductor

Time Schedule:

Start Shipment Date: Mon Dec 2, 2024

Sample Availability: Available upon request

Product Identification: Wafer source traceability is done through Lot Number. The new manufacturing code "K" will be marked next to the date code of device marking for identification, for example, "49K" (4 - 2024, 9 – September, K – Kaohsiung, Taiwan)

Qualification Data: Available upon request

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Sat Nov 30, 2024 or as specified by contract.
