

knurl cutter HSSE-PM 30°

For use on knurl cutter tools 19100

Application:

For producing straight knurls in accordance with DIN 82 RAA (in holders with 1 knurl) in steel, stainless steel, non-ferrous metals and cast iron material groups.

Execution:

- HSSE PM 30°, ground tooth flanks, uncoated

Advantage:

- High precision with ground teeth and good cutting performance, even with difficult materials
- Very good surface quality and long service life with high-quality HSSE-PM cutting material
