

Pibow 3 B+ (Raspberry Pi 3 B+, 3, & 2)

PIM 339- Rainbow

PIM 340- Ninja

Product Description:

Crafted out of ten unique layers, including a transparent top and base, that leaves your beautiful Pi visible inside. Each layer is laser-cut from colourful, high-quality, cast acrylic and once stacked they securely contain a Raspberry Pi 3 B+, 3, or 2, while leaving the primary ports, including the camera port, and display port accessible. Weighing just over 90 grams, the case is lightweight and ideal for mounting to any surface. No tools are required for assembly or disassembly.

Features:

- Compatible with Raspberry Pi 3 B +, 3 and 2
- HAT and pHAT compatible
- Works great with spacers!
- Protect your beloved Pi!
- Now includes a free extension layer
- Laser etched markings on the GPIO Ports and connectors
- Transparent top and bottom
- All connections of the Raspberry Pi remain accessible
- Made of lightweight, high quality cast acrylic
- Great for hacking and crafting!
- Made in Sheffield, United Kingdom

Made from ten individual layers, including a transparent top and bottom. So the Raspberry Pi remains visible and all ports are still accessible. Each layer is laser cut from colorful, high quality cast acrylic glass and has an engraved number. Starting with the clear bottom plate, you now stack layer by layer, and keep a stable housing for the Raspberry Pi 3 B +, 3 or 2, while the primary ports, including the camera port and display port (DSI), remain accessible.

Weighing just over 90 grams, the case is lightweight and ideal for mounting on any surface. No tools are required for assembly or disassembly. The dimensions are: 99x66x30mm (WxLxH, without screw heads and nuts).
